

ARCHIE M. GONZALES III

Senior Flutter Developer | Full-Stack Mobile Engineer | CTO

Davao City, Philippines | archiegonzalesthethird@gmail.com | archiegonzalesthree.com

PROFESSIONAL SUMMARY

Senior software engineer with **7+ years of Flutter / Dart** mobile development and **12+ years of C# / .NET Core** backend experience. Currently serving as CTO, leading architecture, team development, and end-to-end delivery of production mobile and web systems. Shipped multiple live apps on the App Store and Google Play across prayer, emergency response, and business networking domains. Comfortable owning the full stack — from Flutter UI and state management down to REST API design, database modeling, and third-party integrations such as RevenueCat, Firebase, and Agora.

TECHNICAL SKILLS

Mobile: Flutter, Dart, Xamarin Forms, iOS / Android deployment, push notifications, in-app purchases (RevenueCat), real-time communication (Agora)

Backend: C#, .NET Core Web API, ASP.NET MVC, REST API design, authentication, third-party integrations

Frontend / Web: HTML, CSS, Bootstrap, JavaScript, jQuery

Databases & Cloud: SQL Server, Firebase, Azure

Tools & Practices: Git, Azure DevOps, Team Foundation Server, Agile, code review, technical architecture, team leadership

FEATURED PUBLISHED APPS

The Feast — Prayer & Devotional App

- Built a cross-platform Flutter app delivering audio and video prayer content with subscription-based access via RevenueCat.
- App Store: apps.apple.com/ph/app/the-feast-official-app | Google Play: play.google.com/store/apps/details?id=com.thefeast.app

BiondEoc — Integrated Emergency Response Platform

- Designed and delivered a three-part system: a citizen-facing mobile app for emergency reporting, a web admin dashboard for dispatchers, and an interagency app for first responders.
- Owned end-to-end architecture — Flutter mobile clients, .NET Core Web API backend, and real-time communication between citizens, dispatchers, and responders.
- App Store: apps.apple.com/ph/app/biondeoc | Google Play: play.google.com/store/apps/details?id=com.biond.biondEoc

KnoCard — Business Networking & Referral Platform

- Contributed to a feature-rich Flutter app for sales professionals and entrepreneurs, supporting referral management, marketing, and business connection workflows.
- App Store: apps.apple.com/us/app/knocard | Google Play: play.google.com/store/apps/details?id=com.vbc.knocard.app

PROFESSIONAL EXPERIENCE

CTO / Senior Flutter Developer (March 2017 – Present)

Hidok Inc. / Biond Inc.

- Lead the company's technology strategy, architecture decisions, and engineering execution across mobile, web, and backend systems.
- Architect and ship production Flutter applications integrated with .NET Core Web API backends, Firebase, Agora (real-time audio/video), and Semaphore (SMS).
- Drive key decisions on tooling, security, scalability, and innovation; mentor developers and lead code review.
- Tech stack: Flutter, Dart, C# .NET Core / ASP.NET, Firebase, Agora, Bootstrap, HTML/CSS, SQL Server.

Head of Software Development (*August 2015 – January 2017*)

CMR Solutions Limited

- Led a software development team building and maintaining web and mobile applications for enterprise clients.
- Delivered cross-platform mobile apps with Flutter and Xamarin Forms, and web systems on ASP.NET MVC.
- Tech stack: C# ASP.NET (Web Forms & MVC), Xamarin Forms, Flutter, Bootstrap, HTML/CSS, iTextSharp.

Web Developer (*July 2014 – August 2015*)

Offsourcing Inc.

- Built and enhanced modules in client-facing web systems, handling both major features and ongoing maintenance.
- Contributed to quality assurance and release management on Azure / Team Foundation Server.
- Tech stack: C# ASP.NET, DevExpress, jQuery, JavaScript, SQL Server, Azure, TFS.

Web Developer (*October 2013 – June 2014*)

DataSoftLogic Corp.

- Developed and maintained SSRS / RDL reports and delivered minor and major enhancements to web modules.
- Tech stack: C# ASP.NET, XSLT, jQuery, JavaScript, SSRS, CSS, HTML.

ADDITIONAL PROJECT EXPERIENCE

Delivered systems across diverse domains since 2013, including:

- Healthcare: Home Health Care web application, Electronic Medical Record (web + mobile), Clinic Appointment app
- Commerce & Retail: E-commerce platform, POS desktop application, Back-office shoe inventory system, Inventory & sales desktop application
- Hospitality & Lifestyle: Restaurant booking app, Ride-sharing app
- Public Sector & Safety: Government websites, Health and Safety web + mobile application, Emergency response app

EDUCATION

Bachelor of Science in Information Technology (*April 2013*)

STI College Davao
